PHOTOGRAPHIC INTERPRETATION REPORT

ORSHA ARMY SUPPLY DEPOT ORSHA, USSR BELORUSSIAN MD

CIA

DIA

Handle Via **TALENT - KEYHOLE** Control Only

WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

NATIONAL PHOTOGRAPHIC INTERPRETATION CENTER

TOP SECRET

PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1Plc (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

Orsha Army Supply Depot (Figure 1) is located in the northwest section of Orsha (54-30N 030-24E). It is served by two rail spurs from the Orsha Railroad Station, Classification Yards and Shops Northwest and by city streets. The Orsha Southwest Airfield [REDACTED]

buildings. A probable fence separates the administration area in the western end of the depot from the remainder of the storage area.

The installation is covered by [REDACTED] TALENT photography and six KEYHOLE missions between

is located eleven kilometers (km) to the southwest and Orsha Petroleum Storage Reserve (BE [REDACTED]) is located 3.5 km to the south.

Comparative analysis reveals a slight increase in usage from

The Supply Depot (Figures 2 and 3) is secured and covers approximately 32 acres. It contains one administration building, 30 storage buildings, and eight small support

██████████ Significant changes observed on ██████████

area. [REDACTED] photography revealed completion of one storage building which was under construction in [REDACTED] replacement of two storage buildings with larger buildings, and addition of three storage buildings.

A rail spur from the Orsha Classification Yards Northwest forms two sub-spurs to serve the installation.

One administration building, two storage buildings, and four support buildings are located in the administrative area at the west side of the installation. [REDACTED] photography revealed the addition of the two storage buildings.

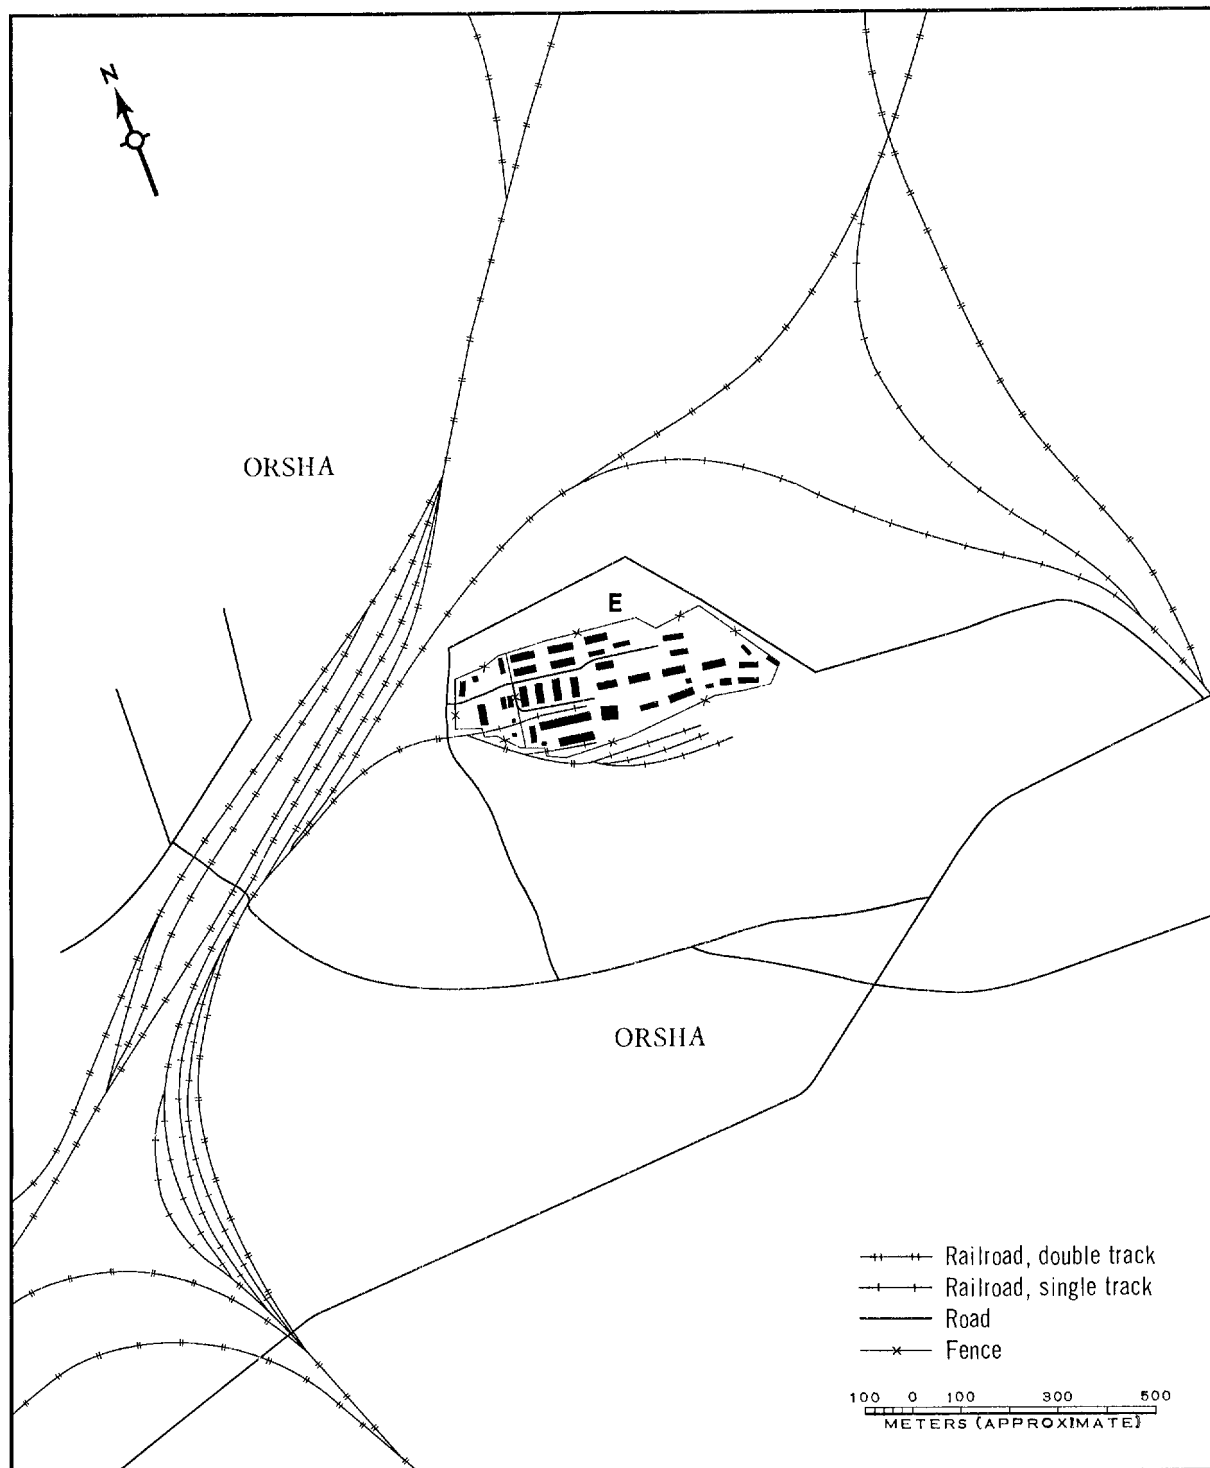

Urban streets provide access to all primary roads in Orsha.

General Storage Areas

Area E has 28 storage buildings and four support buildings located in the main storage
